FALL/WINTER 2017

Oceana and Taiga Suites

portals[®]

We would like to introduce you to the two newest Suites in the Portals product line, ***Oceana*** and ***Taiga***. These classic designs have been available for the last 50 years, but we have added technical improvements that meet current-day customer expectations.

Oceana and Taiga hinges are manufactured with a patented, built-in clear silicon gasket. The gasket is recessed making for a better looking product that is much easier to install. Unlike with our competitors' products, you won't experience a gasket creeping out from the edges to ruin the clean lines of your bathroom fixtures.

Our hinges are engineered to facilitate a tighter fit of the glass shower door to the wall installation. A curved cutout, or "scallop", in the hinge mounting plate, makes the tight fit possible; keeping more water in the shower and off the floor. This feature is not available with our competitors' hinges.

Like all of our products, Oceana and Taiga are suited designs. To take the guesswork out of coordinating bathroom fixtures, we have grouped together products that complement each other in both consistent design and finish. We offer all of our hinge products with coordinating handles, knobs, hooks, & towel bars which can be mounted on glass, tile, stone or drywall. This is another step towards becoming your one-stop manufacturer for bathroom hardware!

As with all Portals Hardware products, we are pleased to provide you with our Lifetime Warranty. This compares to our competitors' limited 3-year warranty and is available to you because of the standardized process by which we control the design and manufacture of our products.

Oceana Standard Duty Hinges

90° Wall/Glass Beveled Hinge
OCN80141/OCN80041

**90° Wall/Glass Beveled Hinge
Offset Back Plate**
00461/00461-85*

How Portals Hinges are Different:

Door Size Specifications for Portals Hinges

<u>Hinge Specifications</u>	<u>Standard Duty</u>		<u>Heavy Duty</u>		<u>Super Heavy Duty</u>		<u>Standard Duty Pivot</u>
	2 Hinges	3 Hinges	2 Hinges	3 Hinges	2 Hinges	3 Hinges	2 Hinges
Maximum Door Width:	28"	32"	36"	38"	38"	40"	32"
Maximum Door Weight:	80 lbs.	120 lbs.	110 lbs.	150 lbs.	160 lbs.	180 lbs.	110 lbs.
Max. Weight per Hinge:	40 lbs. max	40 lbs. max	55 lbs. max	55 lbs. max	80 lbs. max	80 lbs. max	N/A
Max. Weight per Bottom Hinge:	N/A		N/A		N/A		110 lbs.
Glass Thickness::	3/8" to 1/2"		3/8" to 1/2"		3/8" to 1/2"		3/8" to 1/2"

Formula to Determine Weight of Glass Door:

Determine Sq. Ft.: (width x height = sq. inches) (divide sq. inches by 144 = sq.ft)

Determine Door Weight: (mutiply sq. ft. x weight/sq. ft. = weight of glass)

3/8" glass = 5.05 lbs./sq.ft.

1/2" glass = 6.40.lbs./sq.ft
